

Trauma Informed Spaces

These rooms are all examples of how schools can create trauma informed spaces, giving consideration of how to create homely/ warm/ welcoming environments. Careful use of lighting, textiles, furnishing, pictures/ décor, and colour palettes can transform sterile/clinical environments that may trigger stress or trauma responses in those accessing the environment.

Nurture/Pastoral Room

Our Pastoral room is a retreat away from the hustle and bustle of the school and the children love having time in there. With a kind, caring and calm atmosphere, it's a great place to reset and work on personal, social and emotional skills.

Zen Den

Some children can find school life overwhelming at times, the Zen Den is the perfect place to take some time out and regulate.

Quiet Room

Children sometimes need or prefer to work somewhere quieter and freer from discussion, some adults do sometimes! The Quiet Room is the perfect place to get back on track before returning back to class, ready to learn.

Sensory Room

Our SEN and younger children particularly love spending time in our Sensory Room, it's a lovely experience for the senses.

Reading Corners

Our Reading Corner is ready for you to share a book with your friend. Children love to snuggle up with a book in our cosy reading corners.

Dining Room

We show how much we value our parents by really making an effort to make them feel special. All set up and ready to welcome parents for a brew, bacon buttie and to share a good book, see you soon! 🍞☕

Book Corners

Foundation stage library is now open. Children will be invited to choose a book to bring home and share. [#bedtimestories](#) [#booksareforsharing](#) [#readinggivesyouwings](#)

Entrance Areas

Entrance areas show how much we welcome you. We can't wait to see you on Monday at the entrances you used before Christmas! Have a lovely weekend ❤️
